

# FULL SWING GOLF SIMULATORS

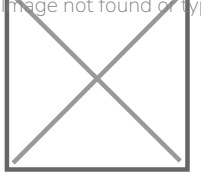

**The Challenge:**

Founded in 1986, Full Swing Golf is the leader in golf simulation technology for entertainment and training performance. With Tiger Woods and Jordan Spieth as ambassadors, the company's golf simulators feature more than 90 championship courses delivering the ultimate indoor golf experience. Golf Digest selected Full Swing Golf as its 2016 Editors' Choice for Best Swing & Game Analyzer.

"As a designer and manufacturer of golf simulators trusted by the pros, we wanted to identify a solar provider with the same commitment to excellence and customer service," said Full Swing Partner and Senior Vice President, Brian Arnold. "We did a lot of homework. After meeting with a number of representatives, Baker Electric Solar had the best reputation. They came to the table with an innovative and highly customized
