CVESD VILLAGE3 ELEMENTARY SCHOOL

This project involves the new construction of a two-story, 59,590-square-foot elementary school designed to support the expanding community of Chula Vista. The scope includes the development of a new classroom building and a multi-purpose facility, along with interior improvements, utility infrastructure, and related site enhancements. The school's thoughtful design emphasizes natural light, the use of organic materials, and integrated safety features to create a welcoming and secure learning environment.
