GROSSMONT COLLEGE PERFORMING & VISUAL ARTS CENTER

The Grossmont College Performing and Visual Arts Center (PAC) is a 38,680-square-foot, state-of-the-art facility designed to elevate both instructional and community engagement in the performing and visual arts. As the first phase of a broader campus renovation, the PAC features a 390-seat concert hall, one of the largest stages in the county, an orchestra pit, and a balcony, supporting the college's thriving theater, dance, and music programs.

Specialized spaces include choral and instrumental rehearsal rooms, piano practice rooms, classrooms, faculty offices, and production-focused areas such as a green room, scene shop, costume area, makeup classroom, and new dressing rooms. The building is also home to the Hyde Art Gallery, providing a permanent space for visual arts exhibitions and community engagement.

Project Specs

Location : El Cajon, California

Owner : Grossmont-Cuyamaca Community College District

Delivery Method : Design-Bid-Build

Project Value : $44 Million

Construction Manager : Balfour Beatty Construction
