

MESA COMMUNITY COLLEGE COMMONS CAFETERIA AND BOOKSTORE

The Mesa Commons at Mesa Community College is a 73,000-square-foot, $44.3 million facility designed to serve as the central hub for student life, learning, and sustainability. Strategically located as a campus gateway, this two-story facility consolidates essential amenities and academic functions into a vibrant, flexible, and environmentally conscious space.

The building includes two cafeterias, a student-run M Fusion Dining Café, a campus bookstore, convenience store, coffee café, culinary arts management labs and classrooms, as well as student and faculty lounges, conference rooms, and services such as mail, printing, and the campus stockroom. Designed for interaction, flexibility, and convenience, the Commons fosters community connection and supports daily campus life.
